

IAESTE

— internships —

INFO FOR EMPLOYERS

“ It is a joy to host IAESTE's committed trainees. Their enthusiasm and energy inspires the work place and contributes to new ways of thinking. ”

– Helena Röhss
Xylem Water Solutions, Sundbyberg

“ It is socially rewarding and increases our knowledge about the incoming trainees' home countries. Our employees get an opportunity to improve their English. After the internships we have made many new acquaintances that often last long after the trainees have gone back home. ”

– Annica Lindström
Trafikverket Nord, Luleå

“ To receive an IAESTE trainee gives wonderful energy to the whole team. We gain cultural insights and valuable help with many different work tasks as the students are both well-educated and driven. ”

– Rolf Mattsson
Volvo Cars, Torslanda

ABOUT US

IAESTE is an international non-profit organisation founded in 1948. Ever since, we make internship exchange possible all over the world – today IAESTE is present in over 80 countries. IAESTE Sweden makes it easy for Swedish employers to hire qualified international students as trainees. Thanks to our extensive student network, we have excellent possibilities to find the right students matching the employers' requirements. When a Swedish employer hosts an

international trainee, a Swedish student will also get the opportunity to go abroad for an internship.

- Increase your company's or organisation's international knowledge in technology, IT, marketing, economy or design.
- Strengthen your international networks and open doors to new markets.
- Let driven students contribute with energy and new perspectives.

HOW?

- You decide the appropriate time period, between 2-18 months (any time during the year)
- We recruit one or more students matching your requirements
- You will get an opportunity to interview the candidates through phone or Skype
- You will be in total control of which candidate to proceed with – there are no commitments until a contract is written.
- IAESTE takes care of all administrative work including visa and work permit applications, tax registration as well as helping the incoming trainees to find accommodation. Our local committees will give every incoming student a warm welcome and invite them to various social activities.

TERMS AND CONDITIONS

- The membership fee is only 6.000 SEK/year, regardless of how many trainees you hire through IAESTE's exchange program.
- The monthly pay for the trainee should be 0 minimum 15.000 SEK.
- An internship supervisor must be assigned.
- If you have a pre-selected student in mind that you would like to hire as an intern, IAESTE can help with all the administration as outlined above. The cost is then 6.000/SEK per student.

OUR VISION

IAESTE believes in the great potential in meeting across borders. Exchanging ideas and experiences strengthen us both professionally and on a personal level. IAESTE's extensive global networks and our administrative service make it easy for employers to find qualified and innovative trainees matching your requirements. Our program opens doors to international markets and will increase diversity in your organisation. When a Swedish employer receives an international trainee through IAESTE, it also gives a Swedish student the opportunity to get valuable international work experience.
